Bank in School

Our Freeman Falcons Bank in School branch is off to a busy and productive start this semester. With the help of our Freeman FBLA bank tellers, the Freeman Falcons branch is open the 1st and 3rd Tuesday each month and has been averaging 40 deposits each week from students grades K-6. When students make a deposit, they receive a prize and have the opportunity to participate in our weekly “Piggy Bank Challenge” which allows the students to guess how much of a specific item (candy, coins, etc) is in the Piggy Bank each week. Thanks to the Freeman FBLA for helping make this another great year!

A Few Friendly Reminders

- Don't forget to endorse your checks before cashing and or depositing checks.
- If an account has disappeared from online or mobile banking, it is likely because the account has gone dormant due to an extended period of inactivity. Making regular deposits or withdrawals from these accounts will help keep their status active.
- Verification codes are in place when logging into internet and mobile banking to protect *you!* It may feel inconvenient at the time, but it is in each customers' best interest to provide a secondary authentication code to add an extra layer of protection. You can change how you receive these codes and who receives these codes under the 'preferences' section when logged into internet/mobile banking.
- Please review monthly statements (paper or estatements) regularly to help monitor inaccuracies and debit card or check fraud. If you notice anything out of the ordinary, please contact us at 402-988-2255.
